

01 / THE PROPOSAL

A neighbourhood with 22 private front doors.

Two-bedroom courtyard homes, a modest residents' pool and wellness studio. A fresh alternative alongside the two existing timber studies.

Decision: preferred among four rough commercial screens, but only a 6.0% base sales margin after charging the land at €1.2m. Obtain stronger price evidence and a construction tender before committing.

22 homes

Six rows, each with road access

2,216 m²

Gross floor area including studio

83.8 m²

Reserve under a conditional 30% cap

€384,240

Illustrative profit before tax

Planning gate: 30% is unconfirmed. The supplied subdivision permission is not approval for this housing concept. Allocation between landowner and funder is open.

Six small rows. One existing road.

Traced plot boundaries and source road alignment retained. Terraces 0 / +3 / +6 m remain provisional; this is not a survey.

PLOT ALLOCATION

Plot	Homes	Gross / cap m ²
6	4 × 106	424 / 461.4
5	4 × 106	456 / 461.7
4	4 × 92	368 / 375.0
3	4 × 92	368 / 375.0
1	3 × 100	300 / 313.2
2	3 × 100	300 / 313.5

44 private parking bays are proposed. Six are designated wider bays; authority approval is still required.

Public green and the utility reservation stay free of private buildings. Pool on plot 6; studio on plot 5.

Short approaches connect parking courts to the retained road. Model approach grades are about 0.6-3.4%; road design and final levels require engineering.

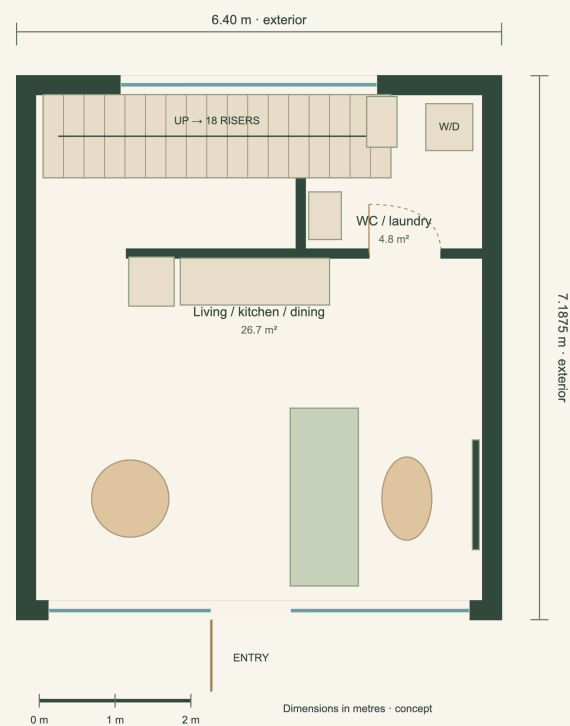

HOUSE TYPE / 92 M² GROSS

The Nest: two bedrooms, two floors.

Exterior footprint 6.40 × 7.1875 m. Clear interior 71.86 m² in the model; gross area includes walls and both stair projections.

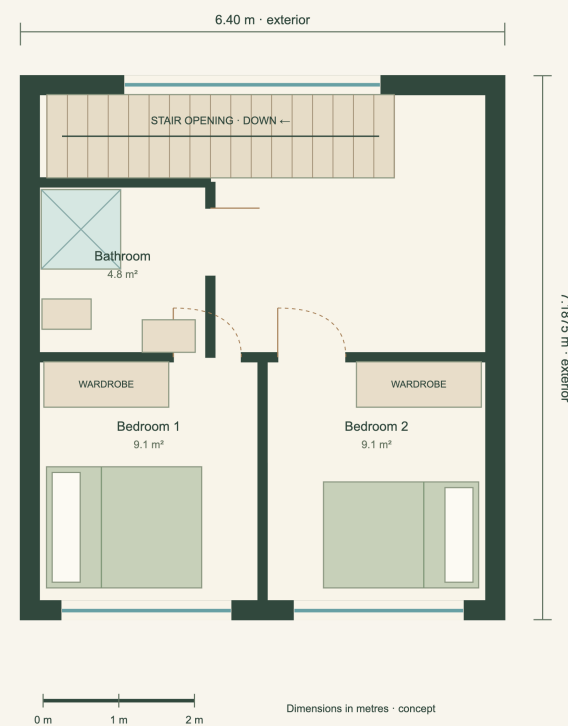

GROUND FLOOR

38.76 m² clear floor

UPPER FLOOR

33.10 m² clear floor

DRAWING SCALE 1:100 AT A4 LANDSCAPE / PRINT AT 100%

External walls 250 mm; partitions 120 mm. Stair: 18 risers of 169.4 mm, 17 goings of 270 mm, 1.10 m clear width. Indicative door swings, sanitaryware and furniture. Upper bathroom and ground laundry occupy the rear service zone.

Clear interior excludes wall footprints and the upper stair opening, counting the stair footprint once. It is not a certified usable, saleable or statutory area. Furnishings and structural/acoustic assemblies need detailed design.

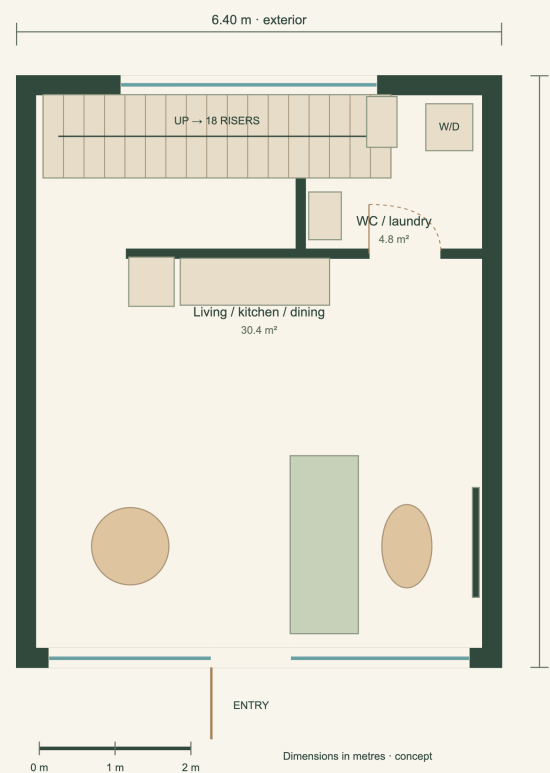

HOUSE TYPE / 100 M² GROSS

The Garden: two bedrooms, two floors.

Exterior footprint 6.40 × 7.8125 m. Clear interior 79.16 m² in the model; gross area includes walls and both stair projections.

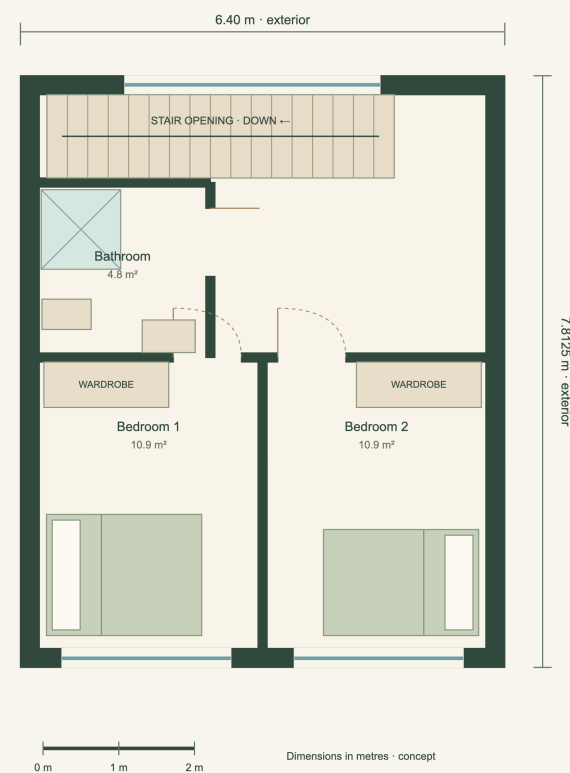

GROUND FLOOR

42.45 m² clear floor

UPPER FLOOR

36.71 m² clear floor

DRAWING SCALE 1:100 AT A4 LANDSCAPE / PRINT AT 100%

External walls 250 mm; partitions 120 mm. Stair: 18 risers of 169.4 mm, 17 goings of 270 mm, 1.10 m clear width. Indicative door swings, sanitaryware and furniture. Upper bathroom and ground laundry occupy the rear service zone.

Clear interior excludes wall footprints and the upper stair opening, counting the stair footprint once. It is not a certified usable, saleable or statutory area. Furnishings and structural/acoustic assemblies need detailed design.

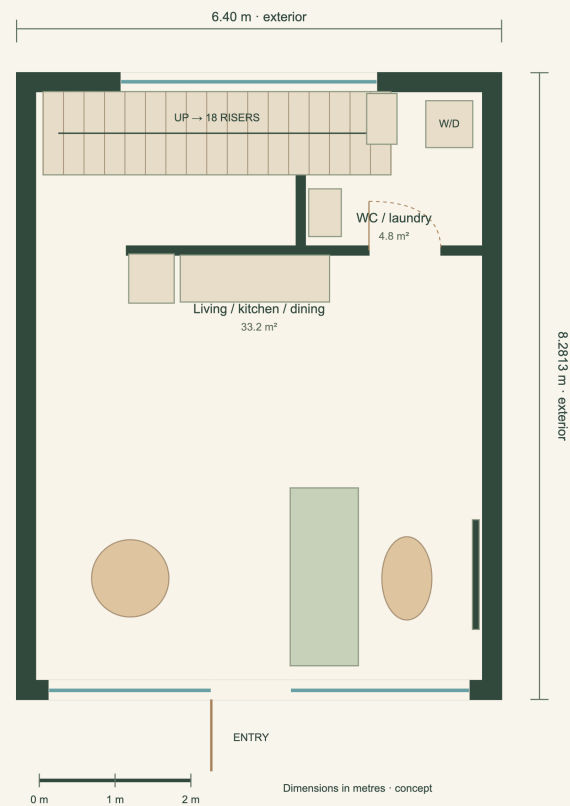

HOUSE TYPE / 106 M² GROSS

The Grove: two bedrooms, two floors.

Exterior footprint 6.40 × 8.2812 m. Clear interior 84.64 m² in the model; gross area includes walls and both stair projections.

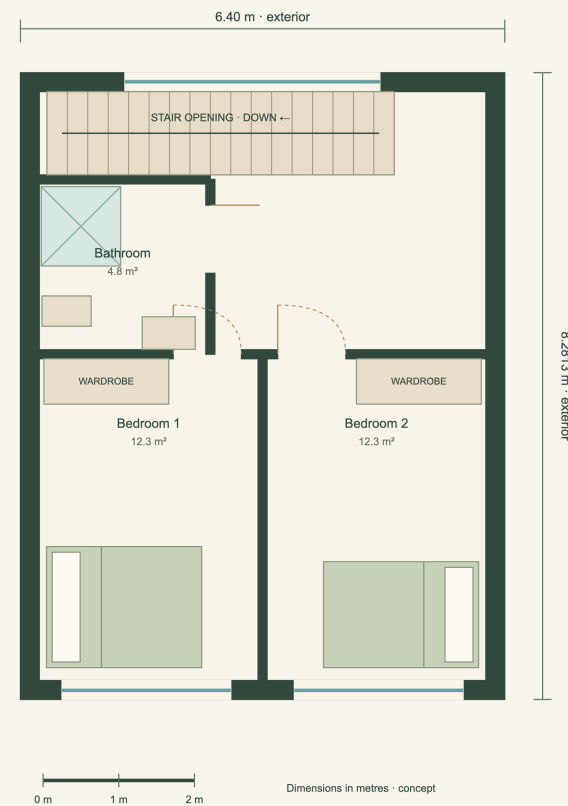

GROUND FLOOR

45.21 m² clear floor

UPPER FLOOR

39.42 m² clear floor

DRAWING SCALE 1:100 AT A4 LANDSCAPE / PRINT AT 100%

External walls 250 mm; partitions 120 mm. Stair: 18 risers of 169.4 mm, 17 goings of 270 mm, 1.10 m clear width. Indicative door swings, sanitaryware and furniture. Upper bathroom and ground laundry occupy the rear service zone.

Clear interior excludes wall footprints and the upper stair opening, counting the stair footprint once. It is not a certified usable, saleable or statutory area. Furnishings and structural/acoustic assemblies need detailed design.

Keep the area calculation conservative.

Two floor projections counted in full, with a separate studio. No private building allowance is assumed in the public green.

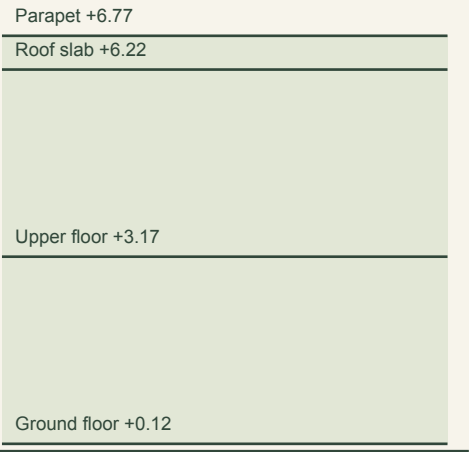

Area component	Calculation	m²
8 Grove homes	8 × 106	848
8 Nest homes	8 × 92	736
6 Garden homes	6 × 100	600
Wellness studio	8 × 4	32
Total proposed gross	Homes + studio	2216
Conditional allowance	7,666 × 30%	2299.8
Reserve	Allowance less proposal	83.8

Coverage check: building footprint 1,124 m² (14.66% of the 7,666 m² land). Including the 40 m² pool gives 1,164 m² (15.18%). Each plot separately remains below an assumed 20% cap. Final coverage treatment of external structures must be agreed with the authority.

Setbacks: the minimum home footprint setback in the traced model is about 3.24 m. A 3 m inset was tested; it is an assumption informed by old binder dimensions, not certification for the new housing type.

ILLUSTRATIVE HEIGHT SECTION

Dimensions above local plot level. Homes approximately 6.77 m high, below the binder's 8.30 m limit. Roof equipment remains below the parapet.

Provisional ground 0.00

No roof accommodation. The three site terraces stay at provisional 0 / +3 / +6 m; absolute survey levels are not reproduced.

A name and a courtyard for every home.

The clear floor area is shared by each type. Outdoor areas are compact private courtyards, with additional shared paths and landscaped grounds.

No. / home	Plot	Gross	Clear	Yard
01 Olive	6	106	84.6	30.0
02 Carob	6	106	84.6	30.0
03 Cypress	6	106	84.6	30.0
04 Juniper	6	106	84.6	30.0
05 Almond	5	106	84.6	30.0
06 Laurel	5	106	84.6	30.0
07 Pistachio	5	106	84.6	30.0
08 Pomegranate	5	106	84.6	30.0
09 Sage	4	92	71.9	21.8
10 Rosemary	4	92	71.9	21.8
11 Thyme	4	92	71.9	21.8

No. / home	Plot	Gross	Clear	Yard
12 Lavender	4	92	71.9	21.8
13 Myrtle	3	92	71.9	30.0
14 Arbutus	3	92	71.9	30.0
15 Jasmine	3	92	71.9	30.0
16 Iris	3	92	71.9	30.0
17 Lemon	1	100	79.2	28.1
18 Mandarin	1	100	79.2	28.1
19 Bergamot	1	100	79.2	28.1
20 Fig	2	100	79.2	14.0
21 Apricot	2	100	79.2	14.0
22 Mulberry	2	100	79.2	14.0

All area figures are m². Homes 1-8: The Grove; 9-16: The Nest; 17-22: The Garden. Plot 2 has a separate parking court and the most compact courtyards, reflecting its tapered geometry. No build-rights transfer between plots is assumed.

The base case has limited headroom.

All 22 sales are included. Land is charged at the sponsor-reported €1.2m valuation even when contributed in kind. Allocation is not agreed.

Base economics	EUR
Total sales revenue	€6,380,000
Construction: 2,216 m² × €1,450	€3,213,200
Road / private works / amenities	€167,100 / €200,000 / €90,000
Fees 8% / contingency 12%	€293,624 / €440,436
Finance / land / selling	€200,000 / €1,200,000 / €191,400
Total economic cost	€5,995,760
Profit before tax / sales margin	€384,240 / 6.0%

Building cost is an unquoted target for conventional local construction, including foundations, MEP and standard fit-out. The €60k timber kit does not apply. Private works, finance and amenities need contractor/lender validation. Other costs and unrecoverable VAT default to zero because they are unpriced.

The €167,100 road allowance comes from the 14 March 2025 DROMOTEX quote, excluding VAT. It needs renewal; EAC excavation and rock extras remain unquantified. All results exclude corporate tax and assume VAT-neutral costs; use the website calculator to allow for exceptions.

SENSITIVITY

Base assumptions

€384,240

Selling prices 10% lower

-€234,620

Building cost 10% higher

-€1,344

Both pressures together

-€620,204

Break-even: about €271,994 average sale per home, excluding VAT. For a 15% sales margin at base prices, the build rate must fall to about €1,235/m² with all other assumptions unchanged. Neither figure is a valuation or an available tender.

Test the proposition before committing.

Whole-project profit is the objective for this concept. It does not lock in the earlier eight-homes-for-the-land arrangement.

Rough screen	Revenue	Profit*
16 detached homes	€6,400,000	€4,760
20 larger townhouses	€6,300,000	€306,640
22 courtyard homes	€6,380,000	€384,240
24 garden apartments	€6,280,000	€71,240

*Before tax. Equal 2,216 m² building budgets and the same land/site assumptions. Detached: €400k average sale and €1,600/m² build. 20 townhouses: €315k average sale. 24 apartments: 8 each at €205k / €275k / €305k, plus a €180k provisional lift allowance. Only the 22-home layout has been dimensioned. Small price changes can reverse the ranking.

LOCAL ASKING-PRICE EVIDENCE

ChapterONE C5666: Moni detached, €309k + VAT; 92 m² internal.

DOM 195050: Moni 2-bed apartment, €280k + VAT; 80 m² internal.

NCH 57719: Moni 2-bed garden apartment, €332k + VAT.

NCH 57715: Moni 1-bed garden apartment, €210k + VAT.

Reviewed 14-15 September 2026. Advertised prices, not verified completed sales. Area bases differ. No Morfosis school premium is assumed; its location, route, opening and operating approvals need current verification.

Confirm planning

The binder records H6, 20% density, 20% coverage, two floors and 8.30 m. The future 30% uplift is unconfirmed. Housing type, parking, setbacks, accessibility, fire, drainage and energy design need approval.

Check the permission and land

The 6 September 2021 subdivision permission is for six plots, public green, utilities and two public accessible bays. Its five-year validity clause requires a current implementation/extension check. Public green must remain public; resolve titles, boundaries and rights of way.

Reconcile the road

The retained model road must be reconciled with the permit's 7 m / 5.5 m carriageways for 11 m / 9.10 m reservations. Proposed private bays do not replace required public accessible spaces.

Validate sales and costs

Request independent local valuations, recent verified sales and a fixed-scope tender. Test pre-sales before committing to all rows. The base 6% margin is thin; no return is guaranteed.
